

Type Rating Examiner (TRE) and Synthetic Flight Examiner (SFE) Refresher Seminar

EASA / UK CAA / OR BOTH

TRE / SFE REFRESHER SEMINAR

EASA / UK CAA / OR BOTH

DENTO GROUP holds EASA and UK CAA Approved Training Organization (ATO) certificates, and has approvals to conduct "Initial TRE/SFE Courses" and "TRE/SFE Refresher Seminars" – refer to "[CY.ATO.005](#)" and "[GBR.ATO.0559](#)" certificates.

In view of our approvals, we at DENTO GROUP, have created a single Refresher Seminar during which we also cover the differences between EASA and the UK CAA. As such this course is for pilots who require to either Revalidate or Renew their TRE or SFE Certificates.

AMC1 FCL.1025.

The refresher training for revalidation or renewal of the TRE and SFE certificates should be provided as a seminar. As such the seminar is held in the form of either two-way online meetings (teleconferencing) or face-to-face.

The content of the refresher seminar for revalidation is complying to the above mentioned AMCs which in fact follows the content of the examiner standardisation course, included in AMC1 FCL.1015, and take into account specific contents adequate to the category of examiner affected
